SUMMARY

Experienced Full Stack Developer eager to utilise my skills to improve business efficiency and profitability. I believe that to remain competitive in the technological landscape, it is pertinent to regularly maintain and accumulate new skills in various areas.

EXPERIENCE

Founder

Continental Games

October 2019 – Present

- Secured a prestigious Santander grant to support business growth and development.
- Maintained a flawless 5-star rating on the Fiverr platform through delivering successful software projects.
- Collaborated with several companies including Zye Social, The Curve and The Developer Academy, to launch new client projects, showcasing impeccable project management skills.

Software Developer (Hybrid)

Playwerks

November 2018 – August 2021

- Developed, maintained and scaled a cloud-based PHP ecosystem tailored to the needs of various businesses – resulting in increased efficiency.
- Built and supported multiple web apps, including a high-traffic online store, which made >£100K during the peak pandemic lockdowns.
- Acted as mentor and technical lead for new developers, providing ongoing guidance and support.

Software Developer (Remote)

Digicaribbean

September 2016 – August 2017

- Developed React Native mobile app solutions, including a scheduler for cleaning services in condo properties.
- Designed and updated WordPress sites with custom child themes and HTML emails, collaborating through pull requests and code reviews on GitHub.
- Utilised Unity to create visualisation tools such as 3D Model Viewers and VR simulations of condo locations.
- Designed UIs for VR projects utilising Unreal Engine for the HTC Vive and Oculus Rift.

Student Web Assistant

University of the West Indies

September 2013 – August 2015

- Contributed to the development and refinement of new department/faculty websites through design input.
- Revamped campus website, resulting in increased web traffic.
- Collaborated with faculty editors to troubleshoot and optimise various faculty websites.
- Conducted live demonstrations and hotfixes for faculty sites.

EDUCATION

Master of Science, Games Software Development

Sheffield Hallam University • Merit • Sheffield, United Kingdom • 2018

Bachelor of Science, Computer Science

The University of the West Indies Cave Hill Campus • GPA 3.78 • Barbados • 2015

INVOLVEMENT

Senior Member

University of the West Indies, Cave Hill Campus • Computer Science Society • September 2023 – September 2015

- Presented several topics related to Game Development and Web Development, helping recruit new members to the society.
- Represented the society at various student fairs at UWI, often giving some guidance on game development concepts.
- Participated in a hackathon where I led a team to develop an emergency signal app for web/mobile, for which we won second place.
